

The Seat of Luxury

The Seat of Luxury will revolutionise your festival experience – male and female WCs to transport you from muddy field to Mayfair hotel.

Using fresh water vacuum technology you will have exclusive access to the most high tech loos ever seen at a festival. And it doesn't stop there - with hot running water, vanity mirrors, hair dryers and straighteners and an attendant on hand to keep these lavatories spick and span.

The fully staffed toilets ensure that your trip to the loo is as swift and clean as can be, so you can get back to the fun stuff – although you may want to hang around and pamper yourself a little longer...

Whilst we cannot guarantee that the luxury loos will be queue-free at busy times, the limited number of tickets available will ensure you are sharing your commode with a privileged few, and your trip to use the facilities compromises nothing on service, hygiene and festival frills.

Simply order online, and arrive onsite with your proof of purchase and some ID. Our friendly Seat of Luxury team will tick you off the list, and issue you with a lovely SOL Wristband; meaning you'll be enjoying beautifully clean and fresh facilities all weekend long!
