SECURITY AT THE EVENT

We take the safety and security of our audiences very seriously and stringent security measures will be in place. If you're attending Radio 1's Big Weekend we want you to have a great time, so please take note of the things we are doing to help everybody have a safe and enjoyable experience. Please ensure you visit the [event security page](#) for full details of what you can and cannot bring into the arena.

Small bags, one per ticket holder, are allowed into the events with the dimensions W21cm x H30cm x D8cm (the size of A4 paper). There is no cloakroom. Golf umbrellas of 1m or more are not permitted.

A zero tolerance policy to drugs will be in operation and there will be sniffer dogs at the event.

We are committed to stamping out spiking. Drinks toppers will be available at the bars free of charge, these are designed to prevent opportunists from slipping something into your drink without your knowledge.

We will be operating the 'Ask for Angela' initiative across site to support any anyone feeling vulnerable or unsafe. People can discreetly seek help by approaching event staff, bar staff or the Welfare team by asking them for 'Angela'. This code-phrase will indicate that they require help with their situation and a member of staff will support and assist them.

RADIO 1 PHOTOBOOTH

We will be bringing the Radio 1 Photobooth to Radio 1's Big Weekend, which is an opportunity to meet and have a photo with some of your favourite artists and presenters or just with your friends! Come and visit to the left of Radio 1's Main Stage where you'll be able to find the schedule for the day.

Follow Radio 1 on [Instagram](#) for all the behind-the-scenes content. We will also post regular updates via our [Twitter feed](#) and [Facebook](#). SUSTAINABILITY

In keeping with the aims of the event, we would like all ticket holders to consider the steps you can take to contribute to a more sustainable event, such as: choosing environmentally friendly ways of travelling, bringing a reusable water bottle and using the separate waste in bins provided onsite for dry mixed recycling, food waste, and other waste.

We will also be running a 10p cup return scheme. For every reusable cup collected on site and returned to the bars you will be given 10p.
